

# UNITED TEEN EQUALITY CENTER OUTCOMES & INDICATORS

The United Teen Equality Center (UTEC) commits three years to each youth who enrolls in UTEC's Transitional Coach, Workforce Development and/or Education Centers. Youth who comprise our target population are 16-20 years old upon enrollment; without a high school education; and gang-involved, criminally-involved, and/or homeless.

UTEC holds itself accountable to helping youth reach five outcomes by the time they leave UTEC and follows up with youth for two years after completion to track long-term outcomes. The table below presents the five outcomes and indicators for program completion and two years post-completion.
